

CERTIFICATE OF COMPLIANCE

Restriction of Hazardous Substances (RoHS)

M2 Global Technology, Ltd. hereby declares that to our knowledge as of July 1, 2006, products produced by M2 Global Technology, unless otherwise noted below under exceptions, are compliant with the European Parliament and the Council of the European Union Directive 2002/95/EC on the restriction and use of certain hazardous substances in electrical and electronic equipment ("RoHS Directive").

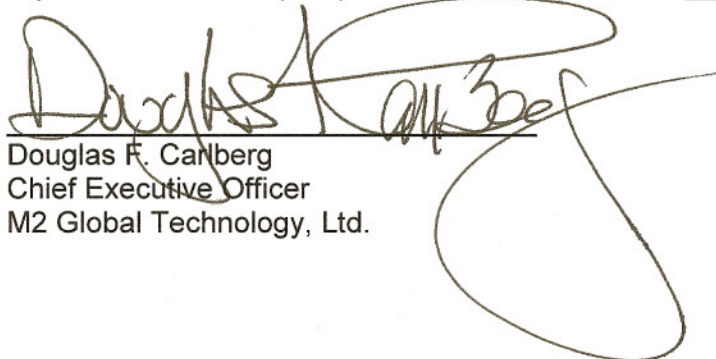

The RoHS Directive restricts the use of certain hazardous substances in electrical and electronic equipment, including lead, mercury, hexavalent chromium, cadmium, polybrominated biphenyls (PBB), and polybrominated diphenyl ethers (PBDE) in the European Union.

Unless otherwise listed as an exemption in the RoHS Directive, these hazardous substances are not found in the homogeneous materials within compliant products above the maximum concentration values, as follows:

- | | |
|---|-------|
| • Lead (Pb) | 0.1% |
| • Mercury (Hg) | 0.1% |
| • Hexavalent Chromium | 0.1% |
| • Cadmium | 0.01% |
| • Polybrominated Biphenyls (PBB) | 0.1% |
| • Polybrominated Diphenyl Ethers (PBDE) | 0.1% |

Exceptions to this certificate include products that are specifically identified to the customer as "Non-RoHS" compliant products, or products that are produced to customer specifications or drawings that require the use of the hazardous substances as listed that exceed the maximum concentration values, or are not exempted per the RoHS Directive.

Questions regarding RoHS compliance can be directed to our Customer Service representatives at (210) 561-4800, or e-mail to sales@m2global.com.

Douglas F. Carlberg
